Grade 9 Mexico “Homes of Hope” House Building Intention

Dear Parents,

We are excited for the Mexico Mission Trip that is planned for February 16 – 23, 2024. For many of our students it is a trip that they have been anticipating since they were kindergarten students. Our mission statement is to Experience Christ and to Serve Through Love. What better way to do so than to build houses for families in need. We know through experience that our lives are transformed so much faster through actions and service. We also know that the students who go on this trip are often impacted in life altering ways as they experience needs first- hand and work out how to serve people practically, all the while seeking to know God better.
