September 2026

Dear Community Partner,

Glenmore Christian Academy (GCA) is an independent elementary and junior high school in southwest Calgary, committed to developing students academically, personally, and spiritually since 1980. We believe in equipping young people to lead with character, compassion, and faith, and for our Grade 9 students, this includes an opportunity to put those values into action through a short-term mission experience.

Since 1994, our Grade 9 students have partnered with Youth With A Mission (YWAM) to help build homes for families in need near Tijuana, Mexico. Working alongside local foremen, students help construct homes from the ground up, from the first wall to handing the family their new house key. **To date, GCA students have helped build more than 75 homes**, creating lasting change for families while giving our students a life-changing opportunity to serve, grow in their faith, and develop a deeper understanding of the world around them.

This February, our Grade 9 students are aiming to build **five more homes**. Each home costs approximately **\$17,000 CAD** to construct, and every dollar raised brings us closer to that goal.

To help make this possible, our students are hosting a **Silent Auction**, and we would love to have local businesses and community members join us in making it a success.

We are seeking donations of **items, services, gift cards, or experiences** to include in our auction. Every contribution, large or small, will directly support the construction of these homes and help turn our students' efforts into a tangible difference for families in need.

Supporting the auction is also an opportunity to connect your business with the GCA community and the families of our 900+ students. It is a great opportunity to share your products or services within our community while partnering with our students to make a meaningful impact.

Thank you for considering this opportunity to partner with our students. Your support will help make a tangible difference in the lives of both our students and the families they serve.

Kind Regards,

Colleen Allan
